

# DAVID

Me, Myself & I  
(shepherd, musician, warrior, king)

## DAY THREE RECAP

God has done some pretty BIG things through me. With a sling and a handful of stones, I beat Goliath, the great Philistine giant. Some people say that I was the greatest King Israel ever had. God promised that the Messiah (**Jesus, who we are going to learn about on Friday**) would come from my family. God even used me to write part of the Bible! (**Check out the Psalms**) But none of that really matters.

There's one thing that I always wanted - just to be with God. In the good times and in the bad times, God stayed near to me. And God was the only one who really made me happy. Even when I was going through tough times, I knew that God was with me and when I sinned and made wrong decisions, God was still there with me. **God is always with us, no matter how tall our giants are!**

I've experienced some amazing things, but nothing is better or more important than being with God. I hope that you learn to make your relationship with God the most important thing in your life. **Start right now by asking God to help you know him more!**

## WRITE IT!

Read what David wrote to God in Psalm 27:4.

If you could ask God one thing, what would you ask? Write down questions that you have for God, the reasons you love God, and your prayers about what you and others need.

Do this every night and look back over it every few weeks to see how God has answered your prayers.

God can use anyone, He used me, David - the smallest member of an unimportant family - to do big things. Jesus came to save all the people - whether they're beautiful, ugly, rich, poor, smart, or not so smart. God can use anyone!

**Don't Believe Me?**  
Read Romans 2:11 & Acts 10:34

**"... the Lord doesn't need swords or spears to save his people. The Lord always wins..."**  
**1 Samuel 17:47**
